

**AVANT**

# ONE MACHINE - OVER 200 ATTACHMENTS

THE WORLD'S MOST VERSATILE  
COMPACT LOADERS FOR BEEKEEPING.

# AVANT - EFFICIENT AND RELIABLE LOADERS FOR BEEKEEPING.

The Avant loader delivers exceptional performance in a compact size, making it the perfect partner for modern beekeepers. Powerful, versatile and easy to operate, it takes the heavy lifting out of day-to-day hive management. From moving pallets of hives to clearing vegetation and maintaining access tracks, there is an Avant solution to keep your apiary running smoothly and efficiently.

## 1. VERSATILE

Perform multiple jobs with the same machine with a simple change of attachment. Multiple cab and tyre options available.

## 2. COMPACT

Compact and highly manoeuvrable, the Avant loader is ideal for working around apiaries and in hard-to-reach areas. It can be easily transported on a trailer and parked across a truck bed, making pallet handling and hive stacking simple and efficient.

## 3. USER-FRIENDLY

Easy to operate thanks to basic controls and a unique hydraulic multi-connector system. 4WD allows access to difficult terrain.

## 4. TELESCOPIC BOOM

Offers excellent lifting height and outreach, allowing hives to be loaded from one side of a truck to the other. Makes stacking hives simple, efficient, and less physically demanding.

## 5. QUALITY

Manufactured in Finland to the highest standard using only quality components, including Kubota and Kohler engines.

## 6. ARTICULATED CHASSIS

The articulating chassis allows the loader to make tight turns without causing damage to sensitive surfaces.

## 7. STABILITY

The rigid articulation joint makes it incredibly stable, even on demanding terrain.

## 8. OPERATOR COMFORT

Avant loaders are built with operator comfort in mind. They are packed with safety and ergonomic features.

## 9. RANGE

With an extensive product range, encompassing 20 models and over 200 attachments, your jobs are covered.

## 10. BACK-UP

With representation in Australia for over 30 years, and thousands of locally stocked parts, you can be assured of minimal down-time.

## ATTACHMENTS – CHANGE THE ATTACHMENT TO SUIT THE JOB.

Avant loaders offer over 200 different attachments, giving beekeepers the flexibility to tackle a wide range of tasks with ease. From flip up pallet forks for precise hive handling to flail mowers and buckets for site maintenance, the right tools can greatly improve efficiency and productivity in any apiary.

## LOADERS.

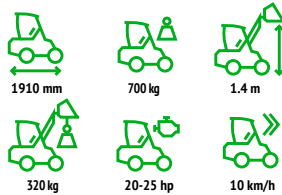

The Avant loader is a highly manoeuvrable, versatile all-round machine that is ideal for easy hive handling. The articulated design and compact dimensions of an Avant loader means it can work on any site, even in tight spaces and on uneven terrain.
