

AVANT

VERSATILE MACHINES FOR GOVERNMENT DEPARTMENTS, LOCAL COUNCILS AND PUBLIC WORKS CREWS

ONE LOADER MANY JOBS!
VERSATILE | COMPACT | EASY TO USE

ONE MACHINE FOR ALL JOBS

Avant loaders are the smart choice for local councils, government departments and public works. Compact yet powerful, they offer year round versatility, exceptional manoeuvrability, and low operating costs. One machine, many jobs.

Key Features:

Versatile: Easily and quickly switch attachments with the quick hitch attachment system. Over 200 attachments available.

Compact and Road Friendly: Easy to transport between sites on a trailer or light truck. Can be registered for the road.

Low Ground Pressure: Perfect for working on grass, pavements, or sensitive areas.

Excellent Visibility & Control: Intuitive joystick operation and 360° view.

Sustainable Options: Choose from diesel or fully electric models.

User Friendly: Easy to drive with simple controls, and step in design for easy access.

Telescopic Boom: High lifting and reach.

Quality: Manufactured in Finland with high quality materials and Kubota and Kohler engines.

Stability: Excellent stability on challenging terrain. 4WD for extra traction.

Operator Comfort: Ergonomic design with comfortable suspension seat, and arm rests. Optional air conditioned cab available.

Safety: Standard ROPS and FOPS canopies, and operator position that provides excellent visibility. On site induction provided.

Range: 20 models and 200+ attachments available.

Support: 25+ years of local support and parts.

Council Applications

Tree Care: Handle pruning, felling, and debris removal with log grabs, stump grinders, and chippers.

Parks & Gardens Maintenance: Mow, mulch, lift, and transport with ease – ideal for tight landscaped areas.

Cemetery Maintenance: Compact size and light footprint ideal for mowing and grounds maintenance.

Sweeping & Road Work: Keep streets, bridges, and paths clean and maintained.

Waste & Recycling Stations: Move, lift, and load efficiently with buckets, grabs, and forks.

Plant Nurseries: Lift pallets, load hoppers, transport soil, and work safely on delicate surfaces.

Illegal Waste Removal: Compact power for collecting and loading dumped materials safely

We work with local councils and government agencies to find the right loader and attachments to do exactly what you need. We offer complete local support in sales, service and parts.
