

AVANT[®]

ONE MACHINE - OVER 200 ATTACHMENTS

The world's most versatile compact loaders for equestrian properties.

Make light work of equestrian jobs with an Avant compact loader.

When working around equestrian properties a quality machine is essential for heavy lifting and assisting with everything from routine stable jobs, fencing, property maintenance, aerating and seeding fields to maintenance of arenas and tracks. With 20 loader models and over 200 attachments to choose from, the Avant compact loader is the ultimate multipurpose machine for working around stables, yards and paddocks.

1. VERSATILE

Perform multiple jobs with the same machine, with a simple change of attachment. Multiple cab and tyre options available.

2. COMPACT

Compact and agile for moving around stables and hard to access areas.

3. USER-FRIENDLY

Easy to operate thanks to basic controls and a unique hydraulic connection system. 4WD allows access to difficult terrain.

4. TELESCOPIC BOOM

Provides a greater lifting height and outreach than a similar sized tractor.

5. QUALITY

Manufactured in Finland to the highest standard using only the highest quality materials, including Kubota engines.

6. ARTICULATED CHASSIS

The articulating chassis allows the loader to make tight turns without causing any damage to sensitive surfaces.

7. STABILITY

The rigid articulation joint makes it incredibly stable, even on demanding terrain.

8. OPERATOR COMFORT

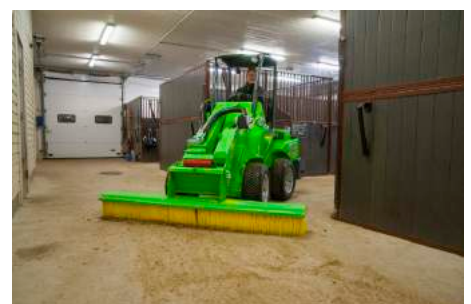

Avant loaders are built with operator comfort in mind. They are packed with safety and ergonomic features.

9. RANGE

With an extensive product range, encompassing 20 models and over 200 attachments, your equestrian needs are covered.

10. BACK-UP

With representation in Australia for over 25 years, and thousands of locally stocked parts, you can be assured of minimal down-time.

Attachments – change the attachment to suit the job.

Avant has a wide range of equestrian specific attachments for Avant loaders to make your jobs more efficient. The range includes attachments for cleaning stables, dispensing feed, horse arena maintenance, property maintenance, fencing and a multitude of other tasks.

Loaders.

Avant is an excellent all-round machine in and around horse stables. It's the right choice when an affordable machine is wanted but enough power is needed to handle bigger loads. The compact size of Avant loader allows you to access those tight spaces inside the stable and perform jobs that are normally handled manually.
