TOP 10 REASONS TO INVEST IN AN AVANT[®] LOADER

01

Versatile

Tree Loppers love the versatility of the Avant as it gives them the ability to perform multiple tasks with one machine

02

Compact

The Avant is compact enough to safely maneuver around tight sites and in small backyards

03

User Friendly

Avant Loaders are very easy to operate thanks to basic controls and a unique hydraulic connection system.

04

Telescopic Boom

The telescopic boom allows for greater lifting height and outreach than a conventional or Skid-Steer loader.

05

Quality

The Avant is manufactured in Finland to the highest standard using only high quality materials. Avant uses Kubota Diesel Engines backed by a 24 month warranty

06

Articulated Chassis

This allows the operator to drive over sensitive surfaces without marking them, including lawns.

07

Stability

A rigid articulation joint means you can safely negotiate demanding terrain.

08

Operator Comfort

Ideally positioned controls and suspension seat beats standing on a loader any day.

09

Range

With an extensive product range, encompassing 10 models and over 100 attachments, your needs are covered.

10

Save Your Back

The Avant takes the hard work out of lifting preventing back pain from repetitive manual labour. The Avant never chucks a sickie either!

ATTACHMENTS

GRAPPLES

HD GRAPPLE
